

Presidency

The President, who manages our University, is elected for four years by an absolute majority of the members of the Management Board (CA). His mandate is renewable once.

Assisted by several **Vice-presidents** in the various decision-making bodies of the university, the President appoints **delegates**, **project managers** and **coordinators**, who support the management team in the study of strategic issues.

As a source of innovative proposals in their fields of competence, they all work to define and implement the institution's strategy.

President

Mohammed BENLAHSEN

University Professor of Physics
Laboratory of Condensed Matter Physics (LPMC)
president@u-picardie.fr
