

Accommodation

For your study or research stay in France, you will have to rent accommodation. Depending on your status and the way you join the UPJV, several possibilities are available to you.

The UPJV International Relations Department (DRI) has signed an agreement with [the CROUS Amiens-Picardie](#) (Centre Régional des Œuvres Universitaires et Scolaires), a public organisation that manages student residences. This agreement allows the DRI to reserve a quota of rooms each year for the use of international students hosted under exchange programmes (BCI, ISEP, Erasmus+, Erasmus Mundus, bilateral agreements).

If you wish to obtain a room in a university residence, you must fill in the housing application form which will be sent to you by the UPJV DRI, and return it at the same time as your application file for a mobility at the UPJV.

Accommodation in CROUS student residences

-CROUSroom quota with the "Welcome to France" reception desk

As part of the "Welcome to France" scheme, the UPJV International Relations Department has developed a partnership with the CROUS Amiens-Picardie to reserve a quota of rooms for individual students.

Due to the limited number of accommodation available, priority is given to students enrolling for a Master's degree.

Information and reservations: bienvenue@u-picardie.fr

- Direct application to CROUS Amiens-Picardie

You can apply directly for a room in a university residence with [CROUS Amiens-Picardie](#) (Centre Régional des Œuvres Universitaires et Scolaires), the public organisation that manages student university residences.

Accommodation in university halls of residence is allocated as a priority to French students with CROUS grants, based on social criteria, during a national allocation round at the end of June.

From July onwards, individually registered international students can reserve the accommodation that remains vacant for the following academic year.

Reservations can be made on the following website : <https://trouverunlogement.lescrous.fr/>

Beware !

This does not guarantee that you will get the accommodation, which is means-tested.

As the CROUS is in great demand, there are usually only a few rooms available for individual international students.

A booking confirmation must be sent to you by the residence to validate your booking.

You have not been able to book accommodation in a CROUS student residence ?

Other housing solutions are possible !

- Accommodation proposed by the Welcome to France reception desk

The DRI has developed special partnerships with certain private residences (see below). Contact the "Welcome to France" reception desk as soon as possible for information and reservations : bienvvenue@u-picardie.fr

- Private student services residences

These are establishments reserved for the accommodation of young workers and students. They offer services adapted to the specific needs of young tenants. Laundromats and cafeterias are provided in the common areas, which can also accommodate individual or group work spaces. Some services are included in the rent.

-Locaviz, student accommodation offered by private individuals, managed by the CROUS Amiens-Picardie

[TheLocavizplatform](#), managed by the CROUS Amiens-Picardie, lists student accommodation offered by private landlords. Each advert is checked by the CROUS, which ensures that the accommodation is suitable and that the rental costs are appropriate.

- Host families of foreign students

The [Hauts-de-France Regional Youth Information Centre](#) scheme, supported by Amiens Métropole, allows international students to live an enriching experience within a family living in the Amiens Métropole area. Experience a stay based on human and intercultural exchanges, while benefiting from moderate rental costs !

- Private housing stock

It is possible to rent accommodation from private landlords, many of whom offer student accommodation ranging from single rooms to shared accommodation.

Advertisements are regularly published on rental sites between individuals :
