

## Commission members

The International Relations Commission (IR) meets once a quarter. It defines, implements and monitors the actions carried out within the framework of the UPJV's international strategy; it reviews the progress of the various working groups and ensures their follow-up. It can also meet extraordinarily depending on the current situation.

They participate in the various working groups set up within the Commission and present a full geographical report to the UPJV councils at the end of each year.

## The Erasmus and IR component coordinators

---

In parallel and in consultation with the thematic and geographical coordinators, the implementation of the IR Commission's international strategy is relayed and consolidated by the Erasmus and IR component coordinators.

The Erasmus and IR component coordinators are responsible for informing students and colleagues about the possibilities and advantages of mobility; they also support students and colleagues new to their component. They centralise ideas, needs and suggestions in terms of international strategy and partnerships in regard to their component.
