

Faculties and institutes

The UPJV is a multidisciplinary university with 11 faculties and 7 institutes covering 4 major academic fields.

Arts, Literature and Languages

The faculty aims to train students in all aspects of artistic creation: acting, directing, visual arts, photography, production, distribution, management of works, staging... Many courses are taught by experienced professionals, thus placing artistic practice and access to technology at the heart of learning.

Director:Arnaud Timbert

Location:Amiens, rue des Teinturiers - Pôle Teinturerie.

The programme of academic courses in the Amiens IUT is composed of 6 University Bachelor of Technology degrees. These vocational degrees allow students to continue their studies for a Master's degree in a business or engineering school.

6 specialities are offered:

- Civil engineering
- Biological engineering
- Mechanical and Production Engineering
- Computer Science
- Business and Administration Management
- Marketing Techniques.

Many serving professionals are involved in the delivery of the academic courses, where work placements and project work are at the heart of the learning process.
