

The UPJV foundation

Since its creation in 2015, the UPJV Foundation has been supporting the development of the University of Picardie Jules Verne.

Thanks to donations from individuals and companies, the Foundation provides financial support for research projects, student projects (entrepreneurship, events, cultural), the improvement of students' living and studying conditions, international relations projects, etc.

The Foundation also brings together socio-economic stakeholders and the University to promote new projects.

Our actions in a few figures

67 projects led by UPJV students have been supported since 2015
2 health research projects on Covid-19 were funded in 2021
5 sponsorship agreements have been signed since 2018
342,000 in grants were allocated to student projects
More than 220,000€ has been allocated to research projects
53 090€ of donations were collected for GRECO in 2020
2 thesis projects are currently being funded
97,424€ of donations were collected in 2020
6 start-ups have been created by UPJV students since 2018 thanks to the support of the Foundation

Donors and sponsors

Individuals and companies can become donors or sponsors of the UPJV Foundation.

Contact

We would be delighted to discuss our initiatives in more detail and to consider together the arrangements for of a prospective partnership.

Do not hesitate to contact us by e-mail: fondationupjv@u-picardie.fr

Focus on the "Togo Solidarity Project"

One of these student projects aims this year to develop international initiatives, in particular in Togo for the "Togo Solidarity Project" led by the Amiénoise Association of Health Engineering Students (AADEIS).

One of the objectives of AADEIS is to create a prevention and health promotion mission in Togo in August 2021, for a period of one month. The project will be done in collaboration with a French NGO, Urgence Afrique. The themes addressed will be nutrition, hypertension, type II diabetes, cardiovascular diseases, etc.

The UPJV Foundation is supporting this project with an endowment of €2,000 and support throughout the project.
